Blazer Pro: All-in-one Server

HIKVISION

◆ Product Introduction

- Blazer Pro = All-in-one Server ;
- Blazer Pro gather the function of “management software, servers, storage hardware” , With video surveillance management License (128ch or 256ch) ;

◆ Product Positioning

- Standard : 128/256 -> 512
- One-Stop Solution ;

Storage

Decoder

Front Panel

Rear Panel

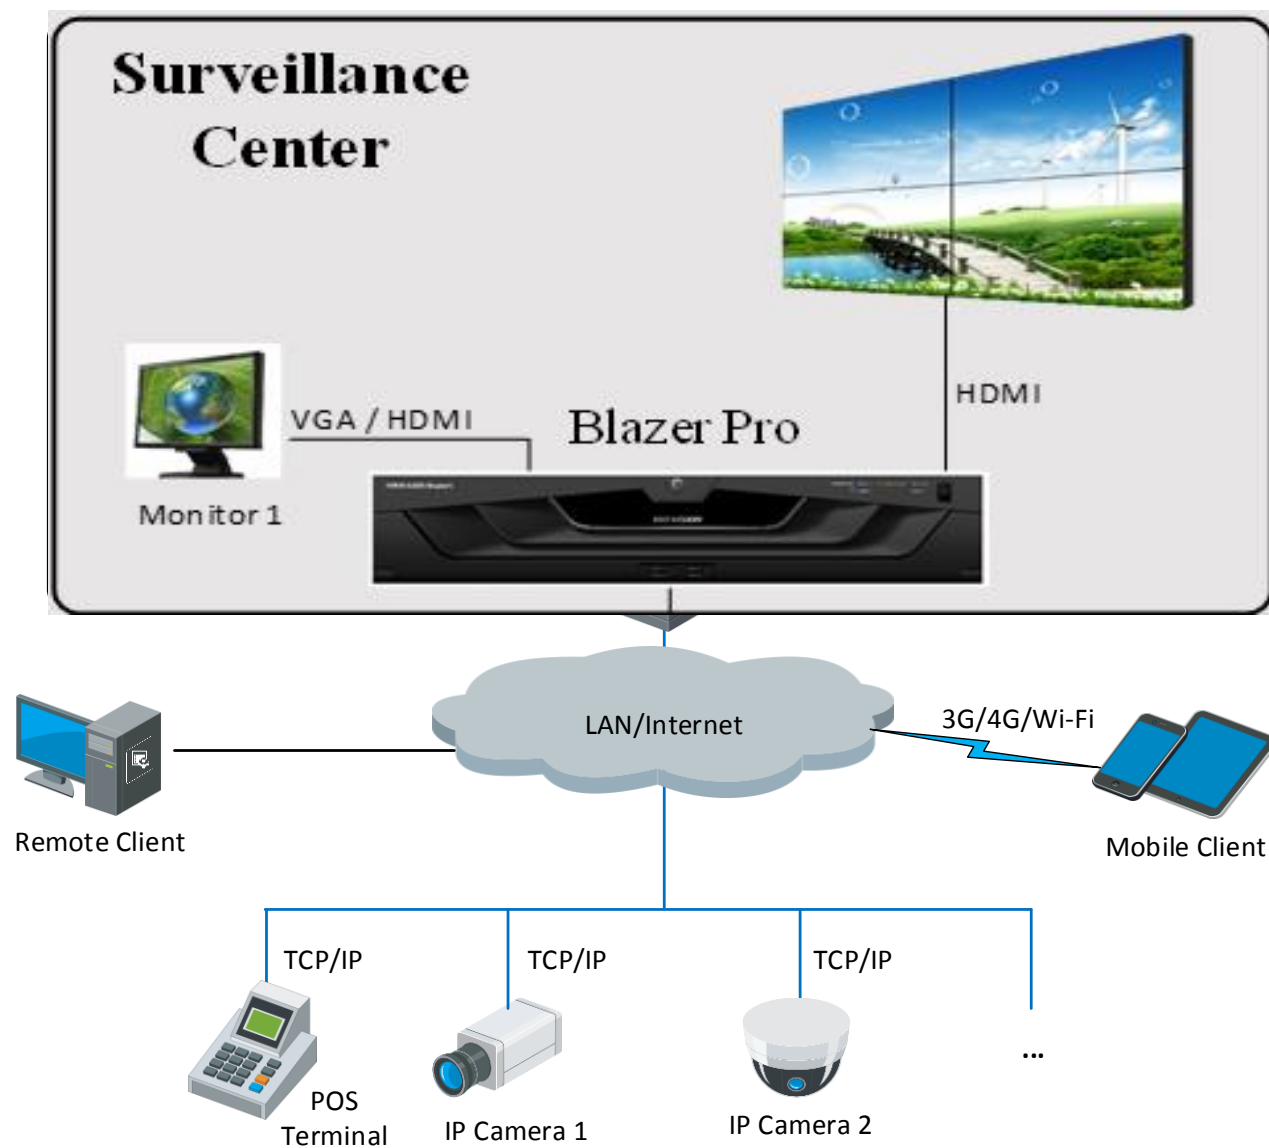

- ❑ **Chassis:** 2U
- ❑ **Model:** Blazer Pro/128, Blazer Pro/256
- ❑ **HDD Slots:** 8 (1+7)

Note: 1. Including 8 HDDs total; one for Server Board; the other seven for Storage Board;
2. Up to 6 TB for each HDD;

- ❑ **1. Server Board;** including 128 or 256 Video Licenses by default. Can be expanded into 512 channels;
- ❑ **2. Storage Board;** including 128 or 256 channels storage or decoding;

Highlights

HIKVISION

Convenience

Stability

**Reliable
Warranty**

Easy to deploy and maintenance

Pre-installed Windows operating system (Win 8.1), preloaded iVMS, economical with time and effort.

Windows 8.1
Professional, 64 bit

iVMS-5200 Professional
video management software

◆ **Easy remote maintenance** via remote desktop

Easy to deploy and maintain

Pre-installed Windows operating system (Win 8.1), preloaded iVMS, economical with time and effort.

Install simply and quickly with configuration wizards.

Encoding Device

Add the encoding devices (e.g., DVR, IPC) to your system.

Add Device

Record Schedule

Configure the record schedule for the added devices.

Set Record Schedule

Event

Set the event parameters and the linkage actions for the alarm.

Set Event

User and Role

Manage the users and roles, and assign the permissions.

Add User

Easy to deploy and maintenance

- ★ Pre-installed Windows operating system (Win 8.1), preloaded iVMS, economical with time and effort.
- ★ Install simply and quickly with configuration wizards.
- ★ iVMS and OS are installed in SSD (64GB), which takes no HDD storage space.

- ◆ SSD is pluggable and easy for after-sale maintenance.
- ◆ support power-off data protection for operation safety.
- ◆ speed of read and write is quicker.

High Stability

Storage Board and Server Board are separated, more Stable;

- ❑ 1. Master Board: Server Board;
- ❑ 2. Secondary Board: Storage Board;

High Stability

- ★ Storage Board and Server Board are separated, more Stable;
- ★ Redundant power supply design
- ★ Storage Board “based on Linux Embedded system, support ANR、RAID、 N+1 hot spot”;

- ◆ Connect two power supply;
- ◆ Normally, one power supply, the other is standby;
- ◆ When the working power supply is off, the other will start working immediately;

Notes: If only connect one power supply, there will be audio alarm.

Easy to access

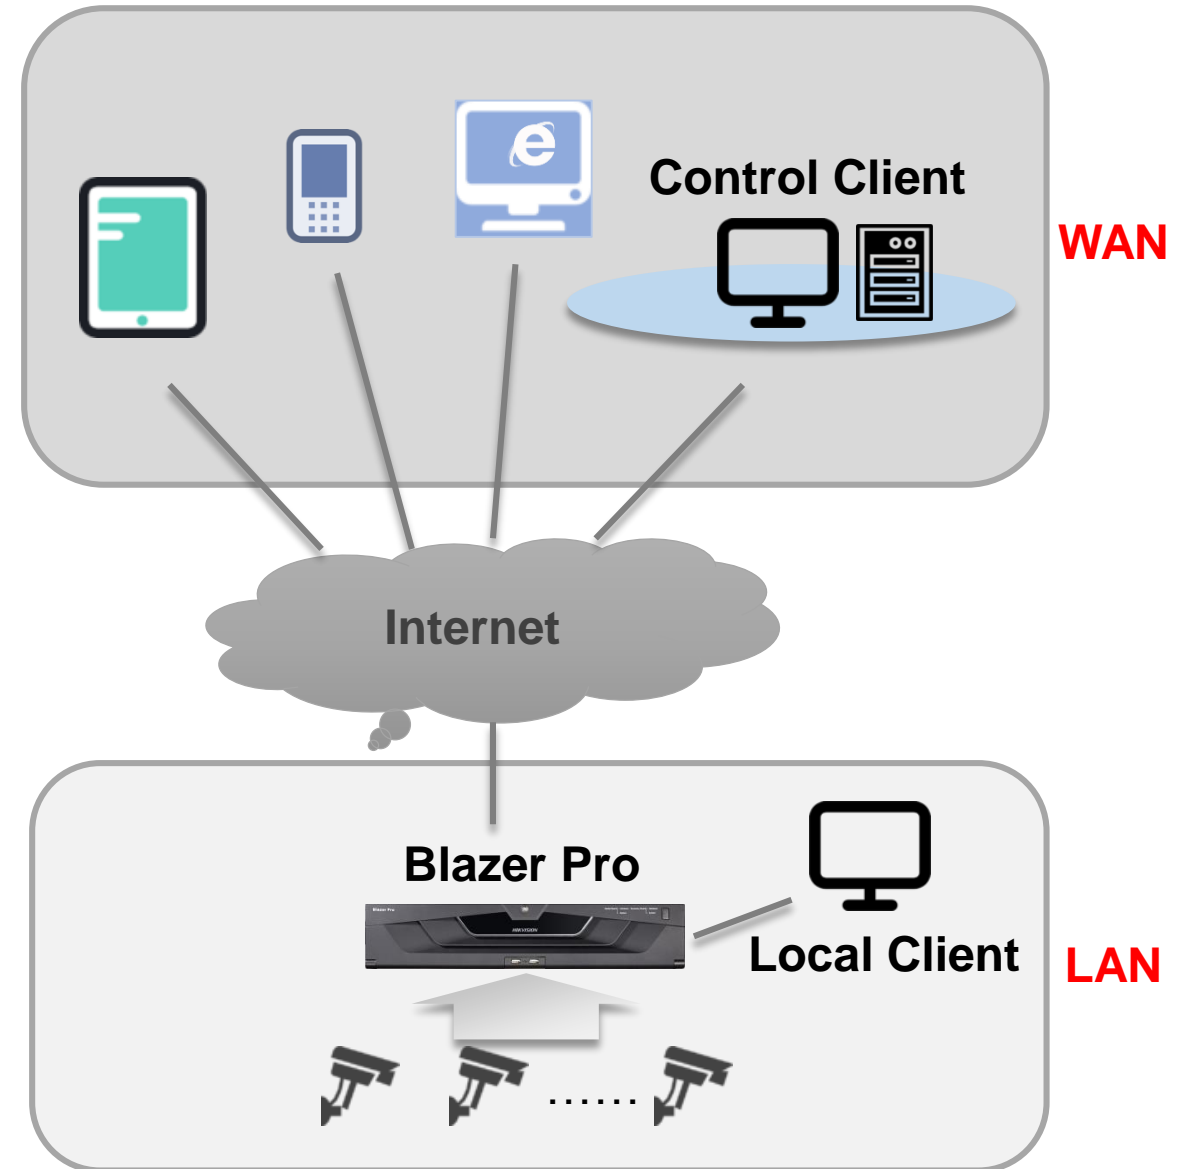

Multiple client access methods

- ✓ Control Client : Local Client and Standalone installation Client.
- ✓ Web Client : IE10 , IE11
- ✓ Phone Client : iOS , Android
- ✓ Pad Client : iOS

Support cross-domain access

- ✓ e.g. Client on the public network, Blazer in the LAN;

Multi-Screen Display

HIKVISION

Multi-Screen Display

Joint Mode:

1-ch video is displayed across 4 jointed monitors;

Ordinary Mode:

1-ch video is displayed on 1 monitor.

HDMI

Blazer Pro

Storage Expansion

Blazer Pro

1/Support storage expansion via MiniSAS interface (16 slots or 24 slots)

2/Support two stage cascading
